COVID-19 Message from Beth LaRose, GM GE Energy Consulting
During these difficult times, please know that members of the GE Energy Consulting team remain focused on serving our customers across the globe, with the health and safety of our team and yours as priority number one. If you have any questions regarding support with a current and/or future projects, please do not hesitate to contact us. We’re available to answer your call and located across the globe to serve. We wish you well and please stay safe.

Sincerely,

Elizabeth N. LaRose
General Manager, GE Energy Consulting

POSTPONED - GE PSLF UGM
The annual GE PSLF User Group Meeting that was originally scheduled for April 28-29 in Denver, CO has been postponed due to the ongoing COVID-19 crisis. The GE PSLF team will be hosting a series of online meetings in place of this year’s in person meeting. For more information, visit geenergyconsulting.com today.
Download Distributed Energy Transformation White Paper

The rise and transformation of Distributed Energy is being driven by a number of factors including the growing gap between wholesale and retail electricity rates, system value of strategic placement of distributed energy projects across the grid, and customer desire for more control over their power. Check out this interactive White Paper from GE to learn more about the transformation happening throughout the world, plus the role we’re playing to support our industry partners.

DSTAR – Program 17 Membership Opportunities

GE’s DSTAR consortium and its member utilities have been at the forefront of developing distributed energy planning strategies and tools for more than 30+ years. DSTAR members are currently wrapping up Program 16, plus developing project scopes and member recruitment for Program 17. For more information on DSTAR, including the value of the consortium and ways to participate, visit geenergyconsulting.com and/or contact us today.
Power Systems and Energy Course (PSEC) – Instructor Profile
Meet Lavelle Freeman, Technical Director, DSTAR Program Manager, and PSEC Instructor. Amongst the numerous projects Lavelle spearheads for the GE Energy Consulting team, Lavelle is also one of our most tenured PSEC instructors. Lavelle has conducted several trainings across the globe. If you’re looking for your next professional development course or you’re in the market to plan a training for your team and organization either onsite OR online, contact GE Energy Consulting to CUSTOMIZE your PSEC program today. For more information and to view our wide range of course offerings, visit geenergyconsulting.com.

Online Resources Available
During these unprecedented times professional resources and development opportunities may be tough to come by. GE Energy Consulting has a variety of online resources available including electric power industry insights, white papers, podcasts, webinars, and educational offerings available. Visit geenergyconsulting.com and check out what we have to offer today.
Update - GE PSLF Training Courses 2020 Postponed
Due to the ongoing COVID-19 crisis, the upcoming GE Energy Consulting, GE PSLF Software training programs in April and May at Training to You in Phoenix, AZ have been postponed. For the full line-up of GE PSLF course offerings and more information, visit geenergyconsulting.com today.

GE Energy Consulting
For nearly a century, a core group of leading GE technical and business experts has focused its energies on solving the electric power industry’s most pressing challenges - driving the evolution of electric power systems with greater affordability, reliability, and efficiency. Today, GE’s Energy Consulting team continues this tradition by providing innovative solutions across the entire spectrum of power generation, delivery, and utilization. With our cross-company resources, GE’s Energy Consulting business can serve a diverse global client base with a strong local presence.
