Introductory Training (up to 10 students) Schenectady, NY	Contact GE	Contact GE

Notes:

1. License grants the licensee the right to use the licensed program on behalf of, or for the benefit of, a third party.
2. The Annual usage option covers unlimited usage of the program at a single or multiple sites and can be for single or multiple clients.
3. The Three-Month Usage Option allows the licensee to pay in advance for usage of the program for a contiguous three-month block anytime during the contract term. The licensee can suspend and resume usage of the program any number of times during the contract term by paying the applicable fee.
